

SoCalGas has declared a High Operational Flow Order (High OFO) Stage 3, 10%
on Cycle 2, Evening for Thursday, 04/29/2021

SoCalGas will limit all nominations up to the total Net System Capacity for Intraday 1 (Cycle 3), Intraday 2 (Cycle 4) and Intraday 3 (Cycle 5).

Customers must ensure that all deliveries into the SoCalGas system are within the specified tolerance. SoCalGas will assess Noncompliance charges in accordance with its Rules and Tariffs to those customers who deliver more than the specified tolerance of their actual gas usage on a High OFO day.

Please note that SoCalGas will not sell additional firm Backbone Transportation Service rights for the duration of the High OFO event.

For more information please reference SoCalGas Rules and Tariffs.
